To register go to: www.SignUpGenius.com/go/10C0C44A8AF23A4FB6-roeper1

Stage I Offerings

HOLA! ¿COMO SE DICE? – open to 4 and 5 year olds only

In this program students will be introduced to Spanish through songs and fun activities. They will discover a new culture and learn the basics of Spanish. They will learn how to meet and introduce themselves to new friends. Other essential concepts such as days of the week, colors, numbers, family names and body parts will be presented weekly. The children will also be introduced to some basic action verbs (stand up, sit down, dance, turn right, turn left).

INSTRUCTOR: Sabrina Prevost is a World Language teacher who teaches French and Spanish to Stages I-IV. This year again, she is offering to share her talents in our after-school program by offering a program to introduce the youngest ones to Spanish. Sabrina speaks both French and Spanish, her son Nolan is in Stage II and her daughter Tara is in Stage IV.

Dates: Mondays January 25-April 25

Time: 3:30-4:15

Cost: \$150

Cooking – Stage I

Description: In this class, students will have the opportunity to get creative and experiment with cooking! We will make fun, kid-friendly recipes that are just as fun to eat as they are to make. We will learn how to read a recipe, measure, and mix. Weekly stories will be incorporated to fit with the recipe of the week.

Instructor: Megan Hager is a Stage I Team Teacher at the Roeper School. She is a lover of cooking, reading, and writing, and hopes to share those passions with you! This will be her third year teaching preschool and her first year at Roeper! Before preschool, she gained teaching experience by substitute teaching in all grade levels and completing a long-term substitute position in fifth grade teaching reading and writing.

Dates: Tuesdays January 26 – April 26 (12 classes)

Time: 3:30-4:30

Cost: \$150

Kids Yoga (open to 4 and 5 year olds only)

This is a fun and playful class centered around imaginative yoga adventures. It includes a variety of appropriate yoga poses, breath work, visualization and relaxation through play, games, team work, imagination, art and music. Themes emphasize cultivation of kindness, gratitude and concentration.

Instructor: Marta Hulseley has been teaching yoga for over ten years. She has trained and taught throughout Asia, Australia, Europe and North America. She also has a Bachelor's Degree in Elementary Education.

Dates: Wednesdays – January 27-March 9 (6 Classes)

Time: 3:30pm to 4:30pm (meeting in the circle of the dome 3:15pm)

Cost: \$78

BIG Builders Program (for 4 and 5 year olds)

This program enables children to have FUN learning by integrating K'nex with general knowledge in nature, space, science, transportation and day to day physics. The program illustrates theoretical knowledge in these fields through the use of stories, thinking, social games and model building – and HAVING FUN!! Instructors also emphasize personal interaction and building a sense of self-confidence among all children participating.

The company that developed these programs (e2 Young Engineers) is an educational company that currently caters to thousands of children worldwide. For more information regarding e2 Young Engineers, please visit our website at www.youngeng.net.

Session I: Thursdays January 28-February 25

Session II: Thursdays – March 10-April 28

Time: 3:30-4:15

Cost: \$60 per session

Stage II Offerings

HOLA! ¿COMO SE DICE?

In this program students will be introduced to Spanish through songs and fun activities. They will discover a new culture and learn the basics of Spanish. They will learn how to meet and introduce themselves to new friends. Other essential concepts such as days of the week, colors, numbers, family names and body parts will be presented weekly. Time: 3:30-4:15

Cost: \$150

Capoeira (for second year students only)

WHY CAPOEIRA FOR KIDS? - We at The Michigan Center for Capoeira, believe that though the art of Capoeira we are able to create the next generation of leaders. Opened minded and educated in culture, fitness, self-expression and much more. The flow of kicks, escapes, cartwheels and handstands set to the powerful rhythm of Brazilian songs and percussion instruments are the perfect remedy to keep kids active and fit. Capoeira combines martial arts, dance, acrobatics & music, making it ideal for kids because it relies on agility and spontaneous escapes. Developing leadership, teamwork, coordination, strength and flexibility.

Dates: Tuesdays– Jan26-April 26 (12 classes)

Time: 3:30PM - 4:30PM

Cost – \$150

Bright Loritos: Mandarin Chinese

Description: Bright Loritos offers a true immersive approach to language instruction in Mandarin-Chinese. Classes are taught by native speakers and the curriculum revolves around developing communication skills through games, projects, music, and more! Our method engages a child's natural way of learning language as they hear and practice common phrases and vocabulary many times throughout each Loritos Unit™, which

are carefully designed in sequences that promote effective language learning and fun.

Days: Tuesdays January 26-April 26 (12 classes)

Time: 3:30-4:30

Cost \$180

TGA Golf

TGA's curriculums were created by Child Development and Educational Specialists and PGA and LPGA professionals. TGA's mission is to provide America's youth with access to the game of golf through programs that build life values, instill confidence through achievement, and offer a fun and educational experience.

Each class in the eight-class session includes full swing, putting, fun drills and games, plus rules, etiquette and life values. Students advance through a five-level program and receive hat clips for their level at the completion of each session. All first-time students receive a TGA cap and student workbook. Students in upper levels receive a different gift for their level.

All equipment is provided and TGA promises a minimum 7-1 student-coach ratio.

LEAD INSTRUCTOR: Ari Siegel is a sophomore at Oakland University who has worked with TGA since his sophomore year at West Bloomfield High School. Ari was an outstanding varsity golfer at West Bloomfield High and served as a TGA assistant coach throughout high school, working at after-school enrichment classes and summer camps. He was promoted to lead instructor last spring and has been in charge of many after-school classes in Oakland County, including the Roper classes during 2014-15 school year.

Dates: Tuesday January 26- March 22 (8 weeks)

Time: 3:25-4:10

Cost: \$110

INTRODUCTION TO CHESS AND OTHER BRAIN GAMES

This class will introduce young students to the game of Chess, including the history, the playing board, its chessmen, how the pieces move, value of the pieces, basic opening moves, beginning strategies and tactics, and how to checkmate your opponent. Also included with some flexibility are some of the simpler variations of chess (such as Fox and Hunters, Queen vs. Pawns, Breakthrough) as well as other brain games that help to develop skills in reasoning, math, concentration, focusing, and good sportsmanship (such as Mancala/Thinking Ahead, Shut The Box/Fast Thinking, Concentration, Connect Four/Focusing). The class prepares students to fit

into Stage III-IV Chess Class. Content is varied in Fall, Winter and Spring sessions, so students can attend all year long!

Includes Trophies and Other Prizes

INSTRUCTOR: MRS. PATRICIA MANDELL All The King's Men Chess Supplies and Brain Games, Inc. (586) 558-4790 Mrs. Mandell has taught Chess and Brain Game classes to elementary-age students for many years. She is effective in creating an environment in which children have a fun-filled experience with learning that assists them with patience, etiquette, good sportsmanship, and analytical and critical thinking.

Dates: Wednesdays January 27-April 27 (11 Classes)

Times: 3:30-4:20

Cost: \$140 Optional Reference Book: \$5 (Available from Instructor)

Kids Yoga

This is a fun and playful class centered around imaginative yoga adventures. It includes a variety of appropriate yoga poses, breath work, visualization and relaxation through play, games, team work, imagination, art and music. Themes emphasize cultivation of kindness, gratitude and concentration.

Instructor: Marta Hulsey has been teaching yoga for over ten years. She has trained and taught throughout Asia, Australia, Europe and North America. She also has a Bachelor's Degree in Elementary Education.

Dates: Wednesdays – January 27-March 9 (6 Classes)

Time: 3:30pm to 4:30pm (meeting in the circle of the dome 3:15pm)

Cost: \$78

Session 1: Thursdays January 28-February 25

Session II: Thursdays – March 10-April 28

Time: 3:30-4:15

Cost: \$60 per session

Stage III Offerings

MOVEMENT, MUSIC, IMAGINATION – Stage III

Children love to explore their imaginations through interpretive dance, creative movement, acting and storytelling. With the performing arts as the foundation for self-expression, this class will inspire children to develop their individual creative voices and to engage collaboratively with others in a safe, stimulating environment. Children will have fun experimenting with ribbon sticks and scarves, dancing to a variety of musical selections, exploring themes, acting out stories from literature, and putting on mini-performances within the classroom.

Instructor: Sandy Allen

Sandy Allen has been a Roeper faculty member for 16 years. She teaches dance, creative movement and yoga for all Lower School stages, as well as Middle and Upper School students. Sandy holds a B.A. degree from Wayne State University. Before coming to Roeper, Sandy danced professionally with both ballet and modern dance companies, choreographed for musical theatre productions, taught master classes, and instructed children in ballet and modern dance technique at studios as well as public and private schools. Sandy has been teaching afterschool dance enrichment at Roeper for 14 years, and is the Director of the Roeper Summer Dance Specialty Camp.

Day: Mondays January 35-March 31 (9 classes)

Time: 3:30-4:30pm

Cost: \$110

I WANNA ROCK AT ROEPER – Stage III 2nd years only

Calling all aspiring rockers! We will jam, write songs, rework old songs, and have a blast creating music! We have guitars, bass, drums, a keyboard, and you can sing. Be creative and try out all the different instruments! Open to Stage IV students and mature Stage III second years, and you don't need to have any prior musical experience. Rock on!

INSTRUCTORS: Brian Durst is a Roeper employee. He is a national guitar champion and has been a private guitar instructor for over fifteen years.

Days: Monday January 25-April 25 (12 classes)

Time: 3:30-4:30

Cost: \$150

Minecraft Computer Club

Come together to play and explore in the ultimate digital sandbox world—Minecraft! Imagine a whole world, with mountains, oceans, plains, forests, plants and animals waiting to be discovered. Kids love the open ended opportunity to make whatever they can dream up, while interacting and collaborating with the other children in the class. MinecraftEdu is a version designed by educators that allows for adult administrative oversight during cooperative play. Each session will begin with a 10 minute lesson on various topics from brewing a potion to designing a mural to building a roller coaster with powered cars. We will dig, design, build, mine, forge, plant and decide together what to create while on a secure local server. **Some experience with the game is required.**

INSTRUCTOR: Julie Nemchik is in her 21st year as a teacher at Roeper, most of those in the computer lab. Her M.A.T. in education from WSU included a masters project on student motivation and computer simulations. She has been known to play computer games on her own time, including Minecraft.

Sign up for one only

Dates: Class 1 – Mondays January 25-April 25 (12 classes)
Class 2 – Thursdays January 28-April 28 (11 classes)

Time: 3:30PM - 4:30PM

Cost: Monday \$150 Thursdays \$138

LEGO® Challenge: Amusement Park Rides

Program Description:

This program integrates LEGO® with scientific and mathematical principles in a FUN and EXCITING way! Each lesson includes building, enhancing and playing with a custom, moving LEGO® model replicating amusement park rides, such as a Ferris wheel, amusement park carousel and other fun rides you may find at the park. e2 Young Engineers programs implement an Edutainment (Education + Entertainment) approach, transforming the learning process into a game while introducing children to theoretical and practical knowledge in the fields of science, technology, engineering, art and mathematics (STEAM). For new and returning participants.

The company that developed these programs (e2 Young Engineers) is an educational company that currently caters to thousands of children worldwide. For more information regarding e2 Young Engineers, please visit our website at www.youngeng.net.

Day: Wednesdays January 27-March 2 (5 classes)

Time: 3:30-4:45

Cost: \$85

LEGO® Challenge: LEGO® In Motion

Program Description:

This program integrates LEGO® with scientific and mathematical principles in a FUN and EXCITING way! Each lesson includes building, enhancing and playing with a custom, moving LEGO® model, such as a conveyor belt, a laundry machine, a crane and other models that demonstrate various physical forces that you witness every day. e2 Young Engineers programs implement an Edutainment (Education + Entertainment) approach, transforming the learning process into a game while introducing children to theoretical and practical knowledge in the fields of science, technology, engineering, art and mathematics (STEAM). For new and returning participants.

Instructor: e2 Young Engineers Instructor

Days: Wednesdays March 10-April 20 (5 classes)

Time: 3:30-4:45

Cost: \$85

Jr. Sierra Club

New this year, the Jr. Sierra Club! This exciting enrichment class will explore the wonders of nature and examine a variety of environmental issues we face in Michigan. The goal is to explain the interconnectedness of human and natural systems. We will inspire eco-friendly choices and empower students to practice the core values of reduce, reuse, recycle and respect. As a group we will choose a specific issue to address, develop an action plan and implement the project. Once completed, we will present the project to the Roeper community and beyond. , This is a leadership opportunity that will teach lifelong skills pertaining to preserving nature and fostering, healthy, sustainable communities for future generations.

Instructor BIO: Enthusiastic, and passionate, Gina Adams-Levy founded the environmental nonprofit Peace, Love & Planet (PLP) in 2008 to help nurture appreciation for nature and conservation of its resources. Gina conducts engaging children's assemblies and provides consulting services to schools to help foster eco-friendly school cultures. PLP provides online resources and promotes "best practices" to advocate vibrant, healthy communities.

This past summer, Gina led Counselor Training Programs to help summer camps enhance nature appreciation and spent the summer leading a variety of courses at the YMCA.

Dates: Wednesdays January 27-April 27 (11 classes)

Time: 3:30-4:30

Cost: \$138

BON APPETIT –Stage III 2nd Years

In this program students will learn how to cook famous French recipes: mousse au chocolat, tarte tatin, gratin dauphinois, crepes, etc. Every week students will discover a new recipe, learn how to cook it and take home a small sample of their hard work. At the end of the session, students will receive a cook books with all the recipes

learned during the session. You do not need to be part of the French program to join. If you enjoy cooking and want to discover new recipes, this program is for you. No tree nuts policy will be respected.

INSTRUCTOR: Sabrina Prevost is a World Language teacher who teaches French and Spanish to stage I-IV. She was born in France where she learned to cook French recipes, the most traditional way, with her mother and grandmother. Her favorite recipe is the famous chocolate mousse.

Days: Fridays January 29-April 29 (11 classes)

Time: 3:30-5:00

Cost: \$155

DANCE TECHNIQUE AND PERFORMANCE

Dance Technique and Performance class provides a challenging afterschool dance experience for the serious, mature student. Previous technical and performance experience is highly recommended but not required, provided the student is committed to a disciplined, structured learning environment. Participants will engage in the formal study of ballet and modern dance technique, and learn one or more teacher-choreographed dances. This is NOT a creative movement class. Continuing students will refine the choreography taught during Fall Session. New students will learn new choreography along with continuing students. All students will perform with Middle and Upper School dancers in the Spring Dance Concert on April 29th and May 1st. Students in this Thursday class may ride the Roeper shuttle bus from the Lower School to the Roeper Birmingham Campus, or may be dropped off in Birmingham by 3:45, by a parent or guardian. There is no aftercare or supervision provided after 4:45pm, so ALL students must be picked up promptly from the Birmingham Campus at dismissal time.

Instructor: Sandy Allen

Sandy Allen has been a Roeper faculty member for 16 years. She teaches dance, creative movement and yoga for all Lower School stages, as well as Middle and Upper School students. Sandy holds a B.A. degree from Wayne State University. Before coming to Roeper, Sandy danced professionally with both ballet and modern dance companies, choreographed for musical theatre productions, taught master classes, and instructed children in ballet and modern dance technique at studios as well as public and private schools. Sandy has been teaching afterschool dance enrichment at Roeper for 14 years, and is the Director of the Roeper Summer Dance Specialty Camp.

Day: Thursdays January 28-April 28 (11 Sessions)

Time: 3:45-4:45pm (No Aftercare provided after dismissal)

Location: Roeper Birmingham Campus Dance Studio (students usually take the shuttle)

Cost: \$165

BON APPETIT

In this program students will learn how to cook famous French recipes: mousse au chocolat, tarte tatin, gratin dauphinois, crepes, etc. Every week students will discover a new recipe, learn how to cook it and take home a small sample of their hard work. At the end of the session, students will receive a cook books with all the recipes learned during the session. You do not need to be part of the French program to join. If you enjoy cooking and want to discover new recipes, this program is for you. No tree nuts policy will be respected.

INSTRUCTOR: Sabrina Prevost is a World Language teacher who teaches French and Spanish to stage I-IV. She was born in France where she learned to cook French recipes, the most traditional way, with her mother and grandmother. Her favorite recipe is the famous chocolate mousse.

Days: Fridays January 29-April 29 (11 classes)

Time: 3:30-5:00

Cost: \$155
